	KN-M4-06	DIN A4, black	210	297
	Pack = 10 pcs.			

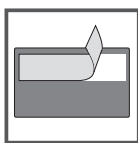

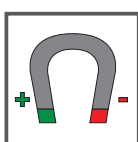

Application examples - Magnetic or self-adhesive info labels

Information label, magnetic or self-adhesive

The sturdy transparent plastic allows a fast and simple replacement of information for a clear, clean and always up-to-date overview. The two coloured plastic rails do not only make a nice optical impression, but are already a visible distinctive feature for the Visual Management.

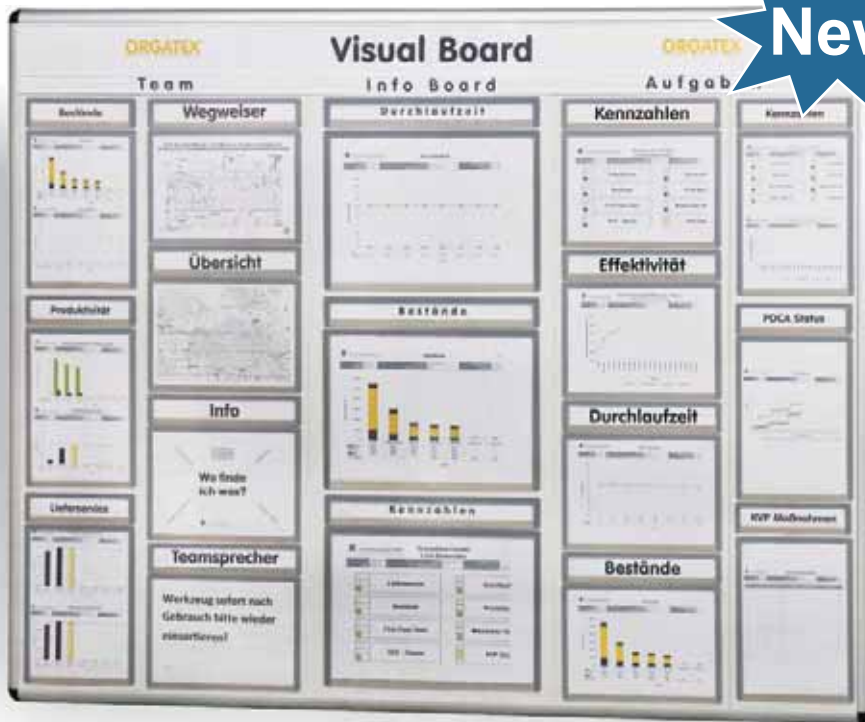

Information label (applicable horizontally and vertically)

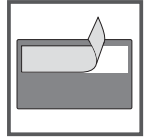

Self-adhesive information label DIN A3		Order-no.	DIN A3	Width (mm)	Height (mm)
	 Self-adhesive	KN-SK3-01	DIN A3, red	420	297
		KN-SK3-04	DIN A3, yellow	420	297
		KN-SK3-03	DIN A3, blue	420	297
		KN-SK3-05	DIN A3, green	420	297
		KN-SK3-06	DIN A3, black	420	297
		Pack = 10 pcs.			
Magnetic information label DIN A3		Order-no.	DIN A3	Width (mm)	Height (mm)
	 Magnetic	KN-M3-01	DIN A3, red	420	297
		KN-M3-04	DIN A3, yellow	420	297
		KN-M3-03	DIN A3, blue	420	297
		KN-M3-05	DIN A3, green	420	297
		KN-M3-06	DIN A3, black	420	297
		Pack = 10 pcs.

magnetic windows® - Using example photos

Magnetic

Self-adhesive

Wall board Design

Visual board

magnetic windows® - Using example photos

Features

- front: 16 mm colored border
- rear: - 3 magnetic sides
- 1 self-adhesive side

Application

- 1) Remove the protective film
- 2) Place on the desired space

Provides for easy exchange of documents, without changing the magnetic windows® position.

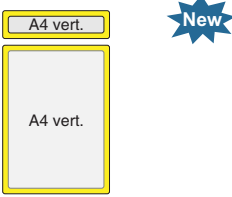

The order is kept

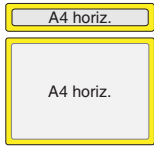

Writable with water soluble markers - Example: chart update

Magnetic

Writable

Double face

Special material

Visual Boards

Our boards are made of **enamelled surfaces**, glazed at 800°C.

This special treatment makes them unalterable, resistant to sunlight, high heat and chemical products.

The best boards quality.

2 levels board use

You can make “permanent” writing by using indelible markers.

Then those writing can be removed using solvent, without altering the board surface.

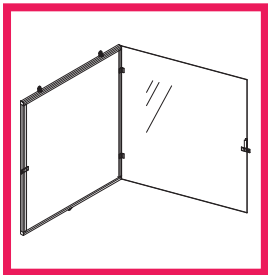

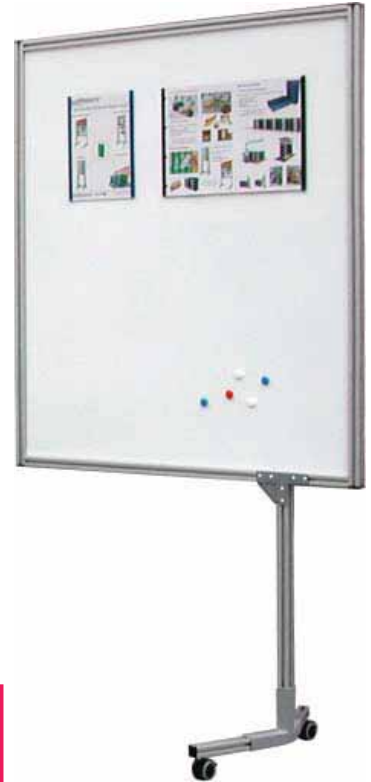

Example: create a base grid with indelible markers and write the data in with board markers, so only the latter will be removed with a board eraser.
